TULIPS

The Tulip is the most popular of all Spring-flowering bulbs. Their brilliancy of color, beauty of form and gorgeous shades render them the most effective of all bulbous plants for bedding and planting in groups or borders. For pot culture and forcing for Winter flowers, several varieties are invaluable. Plant outside in October or November about four inches deep and four inches apart. The soil should be well dug and a liberal supply of well-rotted manure applied.

Varieties prefixed by an asterisk (*) are the best for forcing.

NARCISSUS, or DAFFODILS

Every year the demand for these charming Spring-flowering bulbs is increasing. They are of easy culture, thriving in almost any soil, and are largely used for naturalizing. The following list contains all the most beautiful varieties, several of which are sweet-scented and excellent for cutting purposes.

Outdoor Culture. Plant four to five inches deep and four to six inches apart, according to size of bulbs. Being perfectly hardy, they make an excellent effect among shrubbery in borders, etc.

Pot Culture. Use same composition as for Hyacinths. For effect, plant six bulbs of one variety in bulb-pan or large pot. Keep in a cool dark place for a few weeks until well rooted.

FREESIAS

FREESIA PURITY

The most popular of all Winter-flowering bulbs, for no other excels it in fragrance, grace of appearance and ease of culture. If planted early it can be had in bloom by Christmas. Ten or twelve bulbs should be used for a 6-inch pot or pan. Freesias do well when planted in benches in a cool house or frame.

Freesia Purity

This magnificent, glistening pure snow white Freesia is undoubtedly the finest variety grown and is becoming more popular every year. The flowers are extra large and very fragrant. One bulb will throw from three to five flower spikes, each of which will have eight to eleven buds borne on extra long stiff stems, showing well above the foliage. Splendid for decorative purposes.

Various Bulbous Iris

Iris Hispanica (Spanish Iris)

Spanish Irises have become very popular for forcing in pots, pans and boxes for cutting purposes. The varieties we offer are the choicest of this species.

King of the Blues. Deep purplish blue.	Queen Wilhelmina. Beautiful white, yellow blotch.
Cajanus. Canary yellow, with orange blotches.	Flora. Creamy white, lavender standards.
Belle Chinoise. Deep yellow.	Royal Blue. Clear blue, large flower.
King of the Whites. Pure white, orange blotch.	Heavenly Blue. Deep sky blue.

Price for any of the above named Spanish Iris: 100, \$8.00; 1000, \$75.00.

Dutch Iris

A new and early race of bulbous Irises, this strain much resembles the Spanish Iris but their habit of growth is more vigorous. Their greatest value, however, is their earliness, as the buds open up at least two weeks before the Spanish Iris and immediately after the May flowering Tulips are gone.
